

Our community is stronger when everyone is treated fairly.

El tiempo que brindamos al servicio y ayuda de otros es superior al tiempo que otros pasan juzgando a el prójmo.

The time given to service and to assist others is superior to the time wasted judging fellow man.

Nolo and Karen Martinez

We believe that thriving communities in the 21st century are diverse. We are lucky to raise our children in a community that embraces this truth. Our individual differences make the world go 'round and this is why we embrace the values of love and respect for everyone in our home.

Daniel, Kathy, Mary Kathryn, Rebecca and Phoebe Craft

Our lives have been enriched by the differences in the people we know. We are fortunate to have a broad array of friends and acquaintances whom we treasure, including people who are of different color, spiritual belief, nationality, sexual orientation, size and shape.

We are also grateful to live in such a diverse city and among others who share our values. We find that most people in Greensboro are welcoming and accepting of the diversity that gives our city such a unique and attractive character. Our hope would be that everyone could appreciate the special quality and texture our population's many differences bring to our community.

STRAIGHT

ALLIES

We're straight, but not narrow.

That is why we, as straight people, speak out today for lesbian, gay, bisexual, and transgender people. We want to live in a community where unity and fairness are valued. Please join us in making this a reality because **Unity Builds Our Community.**
